

TOSHIBA

B-SA4TM / B-SA4TP

- RFID Ready
- Snap-in Printhead & Platen
No tools required
- Top Loading
- Thermal Transfer/Direct Thermal
- 203 dpi up to 6" per second
- Optional 300 dpi
- 4.65" print width
- Internet capability & programming
- Bi-directional parallel port
and 2.0 USB port
- 2 million inch printhead warranty
- Center justified for easy media
alignment
- SNMP Capability
- On-the-fly formatting
- 8 MB SDRAM, 8MB Flash
- Internet ethernet standard
- Optional RFID Kit (HF & UHF)

RFID READY

TOSHIBA

B-SX4

- RFID Ready
- Easy to load and unload media
- Thermal Transfer/Direct Thermal
- 203 dpi up to 10" per second
- 4.09" print width
- Optional Ribbon Save
- 2 serial ports, bi-directional
parallel port, optional USB
port, optional LAN port
- On-the-fly formatting
- Near-edge printhead technology
- Built-in intelligence
- Steel chassis and case
- Longest limited warranty on
printhead
- Prints a wide variety of barcodes
- Optional RFID Kit (HF & UHF)

RFID READY

TOSHIBA

B-SX5

- RFID Ready
- Easy to load and unload media
- Thermal Transfer/Direct Thermal
- 300 dpi up to 8" per second
- 5.02" print width
- Standard Ribbon Save
- 2 serial ports, bi-directional
parallel port, optional USB
port, optional LAN port
- On-the-fly formatting
- Near-edge printhead technology
- Built-in intelligence
- Steel chassis and case
- Longest limited warranty on
printhead
- Prints a wide variety of barcodes
- Optional RFID Kit (HF & UHF)

RFID READY

TOSHIBA

B-852

- Thermal Transfer/Direct Thermal
- 300 dpi print resolution
- Up to 4" per second print speed
- 8.5" print width
- A great value for a rugged printer
- Metal cabinet
- Prints a wide variety of barcodes

TEC

B-452

- Thermal Transfer/Direct Thermal
- 300 dpi print resolution
- Up to 4" per second print speed
- 4" print width
- Prints a wide variety of barcodes
- Self-centering paper media guide
- Rugged ABS construction

TEC

B-452-HS

- Thermal Transfer
- 600 dpi print resolution
- Up to 2" per second print speed
- 4" print width
- Prints high quality graphics, logos,
text and barcodes
- Super accurate print position
- Compact and lightweight

TEC

B-882

- Thermal Transfer/Direct Thermal
- 300 dpi print resolution
- Up to 8" per second print speed
- 8.4" print width
- On-the-fly formatting
- Near-edge printhead technology
- Automatic Ribbon Save
- Prints a wide variety of barcodes

TOSHIBA

B-SV4D

- Direct Thermal
- 203 dpi print resolution
- Up to 5" per second print speed
- 4.25" print width
- Prints a wide variety of barcodes
- Compact footprint
- Backward compatibility
- Toolless replacement of printhead

TOSHIBA

B-SP2D

- High speed 32-bit processor
- Re-issue button
- Built-in head check function
- Use of flash memory
- Print up to 2" wide x 6.3" long
labels. Print labels as small as
1.34" wide x .28" long
- Direct Thermal Printing
- 203 dpi print resolution
- UL/CSA FCC Class A Compliance
- Available in serial, IrDA or WiFi

TEC

B-415

- Direct Thermal
- 203 dpi print resolution
- Up to 2" per second print speed
- 4.0" print width
- Portable printer
- Lightweight and Compact
- Available in IrDA or WiFi

Authentic Series Thermal Ribbon

Toshiba TEC Authentic Series Thermal Ribbons for Flathead Printers (Toshiba TEC B-402, B-452, B-452-HS, B-852, B-602, B-SA4)

DE Authentic Series I - DE is a flathead printer wax thermal ribbon that prints on vellum, coated tags and glossy paper. Smudge resistant, high speed and has a wide range of receptors.

DP Authentic Series II - DP is a flathead printer wax/resin thermal ribbon that is for general use. It prints on vellum, low synthetics, and carton labels. It is smudge resistant, prints to 10 ips and has high sensitivity.

DS Authentic Series III - DS is a flathead printer wax/resin thermal ribbon. It is for use on compliance labels, lumber, nursery and textiles. It prints on synthetic substrates, PET and PVC and is friction, scratch, and chemical resistant.

Toshiba TEC Authentic Series Thermal Ribbons for Near-Edge Printers (Toshiba TEC B-372, B-472, B-482, B-572, B-672, B-872, B-882, B-SX4, B-SX5)

DE Authentic Series II-DE is a near-edge printer wax/resin thermal ribbon that prints on vellum, coated papers and synthetics. It has a wide range of receptors, smudge resistance, and high speed.

DX Authentic Series III-DX is a near-edge printer wax/resin thermal ribbon that prints on uncoated and coated papers and synthetics. It is for use on compliance labels, lumber, nursery and textiles. It has smudge, scratch and high temperature resistance.

DC Authentic Series IV-DC is a near edge printer premium resin thermal ribbon. It is for outdoor, pharmaceutical and chemical applications. It prints on synthetics, PP and PE. Friction and high temperature resistance and has multiple receptors.

DR Authentic Series IV-DR is a near-edge printer premium resin thermal ribbon for outdoor, pharmaceutical and chemical applications. It prints on synthetics, PET and PE. Scratch resistant, solvent and high temperature resistant.

TOSHIBA

Company Profile

Toshiba TEC America is a leading supplier of retail information systems and equipment, including direct and thermal transfer bar code and RFID printers, electronic cash registers (ECRs), point-of-sale systems, hospitality systems, and electronic scales.

Toshiba TEC entered the barcode printer industry in 1989 and is a \$3 billion manufacturer of sophisticated retail and package delivery systems and other electronic systems and components.

Toshiba TEC was founded in 1950 in Tokyo, Japan and is a subsidiary of Toshiba Corporation. It has some 8,800 employees worldwide. Today, there are more than 1.75 million Toshiba TEC products in operation throughout the U.S. and Canada.
